

I DON'T JUST do the “Christ in the Passover” program!

Here is a sampling of other messages available to your church:

UNDERSTANDING THE HERITAGE OF OUR FAITH

“Last Day Truths in the Fall Feasts of Israel”

As the spring biblical holidays picture Jesus' first coming, the fall holidays picture His Second Coming. This message takes a look at the fall holidays given in the Old Testament as they were observed in Jesus' day. Not only are these holidays important to the Jewish people, but they are also amazing pictures of the Last Days and Jesus' return.

“Behold, The Bridegroom is Coming”

This message uses the ancient Jewish marriage customs to show the Church's relationship to her bridegroom, Jesus. An understanding of the marriage tradition in biblical days also helps us to more clearly see God's plan for the last days.

“A Crash Course on Jesus in the Old Testament”

This three-hour seminar is a quick way for believers to learn why we have the Old Testament. The seminar attendees will be given a tool to use when they are asked what the Bible is all about. They will also learn how the Tabernacle can be used to illustrate the “way” to God. The seminar will also include teachings on the Feasts of Israel and the sacrifices as pictures of Jesus. The seminar will conclude with a survey of the messianic prophecies proving Jesus is the Messiah.

UNDERSTANDING BIBLICAL PROPHECY

“What Really are the Signs of the Last Days?”

Jesus' disciples asked what would be the signs of the end of the world. This message looks at His answer found in Matthew 24.

“Israel Today - Political or Biblical”

Hardly a day passes without a story in our mass media about Israel or the Middle East conflict. Is there more to the news coming out of the Middle East than a land-for-peace struggle? This message will look at an interesting prophecy in Ezekiel.

“Could the Popular ‘Left Behind’ Series be a Sign of the Times?”

Novels and movies on Last Day events are big sellers today. Why the interest in prophecy? Are current events contributing to this interest? Does the Bible have anything to say about this? This message will look at several judgments in the Book of Revelation to see if there is a reason for the interest in prophecy.

“What in the World is Going On?” Prophecy Series

The Second Coming of Jesus to reign as king is often an overlooked doctrine of the Church. In fact, many congregations don't even mention it in their doctrinal statements.

An understanding of what the scriptures have to say about the Last Days and the Second Coming will provide hope and motivation to live holy lives in these trying days.

This is a series of messages on the key prophetic passages of scripture including a summary of prophetic events yet to come plus studies on Daniel 9, Matthew 24, and Ezekiel 36-39. The purpose is not to set dates but provide a basis for the hope we can have in these last days.

The series can be presented as a weekend prophecy series with study book and PowerPoint or as individual messages.

About Larry Jaffrey

Larry is U.S. Ministries Director for Light to Israel Ministries.

He attended the University of Minnesota and Denver Seminary. While in school, Larry realized God was calling him to the mission field. To gain ministry experience while in seminary, Larry began doing outreach work with a local Jewish mission in Denver. Though not Jewish and having had little previous contact with Jewish people, Larry soon realized Jewish missions was where God was leading him.

Larry's ministry in Jewish evangelism has transcended one of the most exciting periods of Jewish evangelism since the early church. Larry served as a missionary, regional director and U. S. national director with an internationally known Jewish mission over a span of twenty-six years before joining Light to Israel Ministries. During that time, Larry was also very involved in planting a Messianic congregation in the Rockville, MD area.

While known for his presentation of “Christ in the Passover,” he is also recognized as an expert in the field of prophecy and in helping the Church understand the Jewish roots of her faith.
